Template for Case Studies

Case Study <Country> - ID <XX>

Background of the Student

One paragraph including gender and social background

Details on Learning Problems

One paragraph on the details of the problems of the student – this could be either learning difficulties and / or social and emotional problems – why are they part of this case study?

Self-Evaluation

Two or three paragraphs by the student:

- How did you experience the Erasmus+ meeting?
- Has there been an effect of the participation in the project ...
 - on motivation?
 - on a social level?
 - on an emotional level?
 - as far as understanding of the topic of the own education is concerned?
 - as far as the own grades are concerned?

Evaluation by teacher

Two or three paragraphs by one of the teachers:

- How did you perceive the student in the meeting?
- Has there been an effect of the participation in the project ...
 - on motivation?
 - on a social level?
 - on an emotional level?
 - as far as understanding of the topic of the own education is concerned?
 - as far as the own grades are concerned?

Statistical Analysis

	Indicator 1 Learning success			Indicator 2 Presence at school		
	language grade	technical grade	social grade	presence (in days)	missing (in days)	presence (in %)
before project						
after meeting						
(opt) after second meeting						

Contextual Information (once per country)
